La Salita

LA SALITA

Piedmont | Italy

La Salita is a high-quality negociant project owned by Giuliana Imports, launched in 2021 after 26 years of working in the Langhe. The relationships formed with producers and farmers from Barolo, Roero, Asti and Castagnole delle Lanze have allowed for the creation of a line of wines based on quality and value. While the fruit sources and producers vary from wine to wine the common thread is the quality of fruit, farming, and winemaking. The Chardonnay, Barbera d'Asti and Vino Rosso are focused on freshness, either finished entirely in stainless steel or 6 months in seasoned 300 to 750 liter oak barrels. The Barolo is made from Nebbiolo farmed in the commune of Verduno, fermented and aged in a classic way using botti grande.

NV La Salita • Vino Rosso

Sourced from some of the best vineyard sites around the Langhe region. A blend of the Piedmont's traditional red varieties: 40% Nebbiolo, 38% Barbera and 22% Dolcetto. The wine is fermented and aged in 100% stainless steel tanks to retain freshness in the wine. When blended together, these varieties offer a natural balance of high toned red fruit aromatics and a perfectly rounded structure.
